

HARMON DREW SUPER GROUP - LARGE VENUE

Stage Setup and Requirements - August 2006

We request dedicated access to two 30-amp circuits, or to three 20-amp circuits. If playing outside, we'll need cover over us, to protect the equipment from the elements. When playing outside, a large stage is necessary; when playing inside, a large stage is appreciated - if possible, at least 16' X 20'.

MONITOR MIXES
 Mix 1: Vocals
 Mix 2: Keyboard & Vocals
 Mix 3: Horns
 Mix 4: Drums, Bass, Guitars & Keyboard
